

Music is what attracted me to go to church at the age of 6 in 1991. Our rented single room house was close to a born again pentecostal church. We could hear everything that took place, From worship, prayer teachings, and other programs. The presence of this church could not hold my simple moves and singing along with them the worship and praise songs I kept listening to ,eventually the choice was to get closer, I remember asking my mum if she could come with me to church. Her answer was a No, “ You can go if you want”, that was her response. Little did I know that God was channeling me in to what he designed me to be. I should be honest here, though life was not pleasing in the perspective of whoever was watching us, we were always contented and never desired to be somewhere else other than our beautiful little muddy home where we felt loved by our Mom and growing up we realized that it was reflecting his love through a single mom who decided to toil with us, never remarried even though she could. This always brought us joy at a little age and not worried of what life was offering us. No wonder the name God gave me for the youth ministry (Love All Ministries Uganda) .It did not take me long, my talent in music could not hide “ you can not stop a fish to swim”, eventually I joined the kids worship team and later got an opportunity to be one of the compassion assisted children which made it possible for me to join grade 2 in 1992 even-though I had missed almost the whole year without going to school due to school fees. My mom was struggling to afford paying rent , feeding us and paying for our school fees and school dues. While in compassion we met every Saturday for bible studies where I was introduced to Jesus and I accepted him as my lord and saviour. It never meant any sense at that point, but it was the start of my in following Christ. When I look back, This was a great foundation for me in my relationship with Jesus and the purpose he has for my life.

1995 - Progressive growth in the Christ. In grade 5 Nixon attempted song writing.

My Music talent became evident where I turned my pains in to music and my hopes in Christ in to written lyrics. In 1997 in grade Seven I confessed Christ as my Lord and Saviour but this time I knew what I was doing and since then it has been a progressive growth in my relationship with Jesus. At the age 12 in 1996, my mom found for me a coffee picking Job that I did before going to school everyday to take care of my family. At school no one knew what I was going through and teachers though I was not smart for many times I slept in class till my mom stopped me from this job. (Story Cut Short),At this point we were growing our own food to stop the expense on food.

2000 - Discovered his love for youth. Nixon started his first music group.

By this time I had developed a heart for the young people and I knew deep inside my heart that God can do any thing. This was the start for the call upon my life. All I wanted was to be different, and in remember telling my mom that “ I will never be like my Dad, I am different”, I wanted to see change , Children getting the love that I missed from their parents and what came in to my mind was Starting with the youth. At this point I thought of starting a music group which I did . The mensing generation was a group of five young men, we wrote songs and sung in different churches including our home church where only young people liked the kind of style we were singing, By then dance music (R&B,Hip Hop, Ragga) was not so common in church. By 2004 my friends joined Universities and I was not able to. Due to tuition struggles. But still God was leading his way. I went to the city to look for jobs. But by the end of 2006 God lead me back to my home town. This time I formed another group of you (Love All Music) and got an opportunity to organize a youth conference which was a success. By November 2006 I was invited in Derbyshire in UK, where I went in too schools. But the last school (wren park) was a reminder of the call upon my life. While I was getting back to Uganda I felt God was leading me to do a Bible school which I struggled to find and by 2006 I did a Discipleship Training School (DTS) with YWAM. (youth with a mission), By this time I know that God wanted me to start a youth centre where God would pour his love to the Brocken, it was clear that I had to change the name from Love All Music to Love All Ministries which is evident today. Music became a tool to teach and disciple youth.

2007 - Called to full-time youth ministry, starting with YWAM Uganda as staff.

Music became a tool to teach and disciple youth.

After doing my Discipleship school, I though I was going to dive in to Love All Ministries straight but God told me that my training was not done yet. So from 2007 to 2013 I was Discipling young people in the

community at Discovery Centre in Jinja Uganda. I knew my call and I was writing the dream and the Visions I kept seeing. This prompted me to start praying for my future wife and Children even before I met them. My prayer was: “ God please give me a wife with the same calling so I will not be taken away from your purpose for my Life”. This is what exactly happened when I met Chasity also in missions. We both had the same goals similar call. I remember after we shares what each one of us was doing and purpose for each of us. That day I knew that this is the kind of woman I need for a wife. She a gift from God. We were made for each other to be used by God to LOVE,DISCIPLE and EMPOWER young people wherever GOD sends us.

2009 - Did media school in Nigeria.

Chasity Katabira

Born and raised in Winkler, Manitoba. My whole life I grew up going to church. I have always loved God and he has always been a huge part of my life. I gave my life to Christ at a young age and became serious in my faith at around age 12 and started to get involved in various youth groups. I was baptized at the Bethel Bergthaler Mennonite Church at age _____. At age 19 I went to Perth, Australia to do my Discipleship Training School (DTS) with YWAM (Youth With A Mission). After finishing my DTS I felt God calling me back to YWAM Perth to staff DTS's and disciple young people. I made a 2 year commitment to serving the base and staffing the January Young People's DTS. When my time in Perth was coming to a close God put on my heart to get some more training. The first school on my list was the Bible School for the Nations in Madison, Wisconsin. As part of our school outreach we traveled to DR Congo and Uganda. Teaching/training church leaders in very remote areas. It was on this outreach I also met my husband Nixon! Shortly after coming back from our outreach I jumped on to another plane headed for Tijuana, Mexico to do a 3 month Leadership Training School. It was a little while after completing my LTS one of my leader's from my Bible school contacts me and asked if I would be willing to go back to Congo with them to continue to build on the training we had started. God had given me a heart and a vision for the young people in Africa. He was leading/teaching me to serve someone else's vision before my own. This lead me to shifting to Lausanne, Switzerland to serve the YWAM base there for 3 months. It was at the end of these 3 months where I felt God was finally releasing me to Africa long term.

God unites us for a bigger calling. To Love, Disciple and Empower youth.

2012 - Got married and moved on with the call/seeking the Lord for our next Life experience.

2013 - Nixon and Chasity moved to Lugazi town to move on with the dream and started Love All Ministries Uganda. With a mission to Love, disciple and empower young people in all aspects of life. Nixon and Chasity are called to LOVE, DISCIPLE AND EMPOWER YOUTH in Africa starting with Uganda.

We are Nixon and Chasity Katabira , Missionaries in Uganda and here in Canada, and God has blessed us with four beautiful children.

Our mission / Call is to LOVE, DISCIPLE and EMPOWER young people in all aspects of life.

The biggest percentage of Uganda's population is youth and children and these are the ones we are working with at Love All Ministries Uganda (LAM- Uganda Youth Centre). We serve over 80 young people, of which some are students and many are school dropouts with no skills and no Job. Others are battling with addictions due to family disconnection. We are also mentoring some young parents with little

parenting or marriage skills. 70% of the young people we serve come from broken families and others can not trust their families at all. As a result of grief, many end up joining gangs, abuse sex and drugs, doing all sorts of crimes and eventually some end up in prisons. Our goal is to disciple and release young people into their gifts and calling to influence all aspects of life for Christ.

At LAM-Uganda ,People come and feel a sense of belonging, feel loved and valued. We create an environment where young people can discover their potential, develop their talents, acquire skills and grow in their walk with the Lord.
